

Hello everybody, all, former and future Erasmus students! :)

Next Tuesday, October 27, we will have a meeting about Erasmus Opportunities in order to promote Erasmus+ Programme; with this occasion, it will be a presentation of Erasmus+ Programme with the focus on the student's mobility and European Volunteering System (EVS). We would like to underline that European youth exchanges are educational opportunities offered by the European Commission for young people to travel and enjoy intercultural experiences with people from all over Europe and a unique opportunity to acquire new skills and abilities useful for your personal and professional growth.

At this event, 7 volunteers will participate and they would like to speak about they have done during their stage and how this experience will help them in the future. Volunteers' activities were centered on developing one educational programme for children of 6 to 12 years from Oradea in order to increase the outdoor movement and green education.

Also, this is a good opportunity for the former Erasmus students to share with everybody their Erasmus experience; for current Erasmus students who are studying at the University of Oradea to present their countries and universities or just to tell how it is to be an Erasmus student; and for everybody who is interested in Erasmus Programme to find more things about it.

So, we invite you all at 12 o'clock on October 27, at the University's Library (Conference Hall) to join us at this event; if you want to make a presentation, please let us know. :)

Dragi studenti Erasmus, care ati fost sau care doriti sa fiti student Erasmus :)

In data de 27 octombrie 2015, se va organiza o intalnire cu tema Oportunități Erasmus, pentru promovarea programului Erasmus+ ; cu aceasta ocazie se vor face prezentări ale programului Erasmus+ cu atenție specială privind mobilitățile pentru studenti si serviciul european de voluntariat (EVS). Dorim sa subliniem faptul ca aceste tipuri de actiuni reprezinta oportunitati educationale oferite de catre Comisia Europeana studentilor de a beneficia de experiente interculturale si de a dobandi noi abilitati pe plan profesional si personal.

La acest eveniment vor participa 7 tineri aflati in Oradea in cadrul unui program de voluntariat EVS, care doresc sa vorbeasca despre ce au facut pe parcursul stagiului lor si cum ii ajuta pe ei experienta EVS. Activitatile voluntarilor au fost axate pe dezvoltarea unui program de educatie pentru copiii de 6-12 ani din Oradea in care sa se promoveze miscarea outdoor si educatia pentru natura.

De asemenea, acesta intalnire este o buna ocazie pentru fostii studenti Erasmus sa impartaseasca cu toata lumea experienta lor Erasmus ; pentru studentii care sunt acum cu o bursa Erasmus la Universitatea din Oradea, sa isi prezinte tara si universitatea de unde vin sau pur si simplu sa ne spuna cum este sa fii student Erasmus ; iar pentru toti care sunt interesati de programul Erasmus este o buna ocazie sa afle mai multe despre acesta.

In consecinta, invitam pe toti cei interesati in ziua de marti, 27 octobrie de la ora 12 in sala de Conferinte a Bibliotecii Universitatii din Oradea .
