

EU-XCEL PROJECT UNIVERSITY OF CARTAGENA

EU-XCEL (euxcel.eu) is an early-stage startups acceleration program financed by the EU.

Young entrepreneurs will be able to sign up for this 2nd edition until 27th February 2016:
<http://euxcel.eu/whyapply/#Procedure>

The aim of this new edition is to choose 300 young Europeans. Their startups must be formed by members from different countries, and the experience includes the following:

- a week-long 'start-up scrum' in one of the six organizing countries - Ireland, Germany, Spain, Greece, Poland and Denmark.
- 4 months of training, supervision and mentoring of each project.
- access to specialized investors.
- a competition at a European level where the best startups will be awarded and given the opportunity to contact the people responsible for investment funds specialized in early-stage startups.
