

CALL FOR STUDENTS APPLICATIONS

Doctoral Programs

Metabolic & Cardiovascular Disease (DK-MCD) Molecular Fundamentals of Inflammation (DK-MOLIN) Molecular Medicine (MolMed)

The Medical University of Graz, the University of Graz and the Graz University of Technology and the Austrian Science Fund (FWF) offer international PhD programs in “Metabolic and Cardiovascular Disease” (DK-MCD), “Molecular Fundamentals of Inflammation” (DK-MOLIN), and “Molecular Medicine” that provide an in-depth, multidisciplinary training in biomedical research in a stimulating international environment. The thesis projects focus on aspects of metabolic and cardiovascular diseases, cancer, inflammatory diseases, as well as novel therapeutic targets, and integrate basic research and clinically-oriented sciences utilizing a wide spectrum of state-of-the-art techniques.

Projects starting October 1, 2014

POSITIONS

Selected PhD students get employed for 3 years with a contract that includes social benefits. Moreover, DK-MCD and DK-MOLIN students will be encouraged to spend up to one year abroad joining other collaborating laboratories with the possibility of a 4th year extension of their contract.

WHO CAN APPLY

Applicants must hold (or be close to obtaining) an undergraduate degree equivalent to a Master in any discipline of natural or life sciences or medicine. The selection procedure, all training activities and communications will be in English. Thus, excellent written and spoken English skills are required.

All applications must be submitted per email to dk-mcd@medunigraz.at using only the requested forms.

Further information and application forms: http://www.medunigraz.at/DK_MCD

Application deadline: March 16, 2014
