Dr.ing. Francisc Slovac.

Activitate publicistică concretizată prin: 4 lucrări

1. SLOVAC Francisc, COMAN Simina, GORDAN Mircea
The Method of Optimizing the Drying Process of an Oak Blank in a Radiofrequency Electromagnetic Field University of Oradea, Romania.IEE Vol 9, nr.2, pp 73-76, October 2016
2. S. Coman, O. Coman, T. Leuca, M. Laza, F. Slovac, - *The Use of Experimental Design in Order to Optimize the Heating Parameters of Wood Material Inside a Microwave Applicator. Experimental Results.* International Symposium of Fundamentals of Electrical Engineering 2014, ISBN 978-1-4799-6820-6, IEEE. Proceeding ISI, pp.1-4, 2014
3. LAZA (BULC) Marcela, LEUCA Teodor, SLOVAC Francisc
Numerical Modeling of the Heating Process in a Radiofrequency Electromagnetic Field, using Comsol Multiphysics Software Journal of Electrical and Electronics Engineering, University of Oradea, Vol.7, nr. 2, pp.17-20, October 2014.
4. LAZA (BULC) Marcela, LEUCA Teodor, COMAN Simina, PANTEA Mircea, SLOVAC Francisc - *Numerical Modeling of Heating Process in an Electromagnetic Microwave Field using Comsol Multiphysics Software* Journal of Electrical and Electronics Engineering, University of Oradea, Vol.7, nr. 2, pp.20-23, October 2014.
