European Universities Alliance for Sustainable GRowth, Inclusive Education and ENvironment

✓ **Geographical balance.** Number of partners: 9-10

✓ Partners:

- University of Gävle (Sweden).
- University of Environmental and Life Sciences (Poland).
- University of Magdeburg (Germany).
- Carlow Institute of Technology (Ireland)
- Università di Parma (Italy).
- Université D'Angers (France).
- Universidad de Extremadura (Spain). **Coord.**
- Universidade de Évora (Portugal).
- University of Oradea (Romania)

✓ **Long tradition of cooperation** among the institutions (Erasmus+ and other international actions).

✓ Very important to include **stakeholders** in the proposal as associated (enterprises, institutions, organizations, innovation centres, civil society agents, etc).

✓ EU\_GREEN must be understood as an **institutional strategy, transversal** to all the university actions

✓ Each partner has to appoint an **internal committee**, to work internally in all the directions that the proposal needs: teaching, research, third mission, management, etc.
