

**REGIONAL DEVELOPMENT  
AGENCY  
OF ODESA REGION**

Richelievska street, Odesa, Ukraine phone: +38 093 387 35 55 e-mail: odesarda@gmail.com

---

Behalf the Odesa Regional Development Agency, Ukraine we would like to express an interest to find a leading partner and other reliable partners. As the Ukrainian organization can't apply as lead partners we are looking for a possibility to adapt and follow the leader's idea. Our main goal from this call is to obtain experience and prepare for future calls.

Please find below Agency's presentation and our current priorities.

1. Develop a strategy for post-war recovery and sustainable development for the Odesa region. To adapt this activity for cross-border cooperation we may focus on a narrow topic, e.g., a strategy for tourism development, sustainable development or expand the area from only Odesa Oblast to whole the Black Sea region in Ukraine, except Crimea.

2. Employment and integration of IDPs/refugees.

3. Training and consulting activities for SMEs to help them to expand new markets, first of all in the EU.

4. Development cross-border cooperation at local and regional levels in format peer-to-peer, e.g. sister cities, university-university, cultural exchange, etc.

If you have interest to work with the Odesa region, Ukraine please contact us directly or by email in the presentation.
