# OWN COMPETITION PROCEDURE OF THE FACULTY OF CONSTRUCTION, CADASTRE AND ARCHITECTURE FOR OCCUPATION OF TEACHING AND RESEARCH POSITIONS

Valid starting with the academic year 2022-2023 - sem. I

The procedure was approved at the meeting of the Faculty Council on 28.10.2022

In the Faculty of Civil Engineering, Cadastre and Architecture, vacant teaching or research positions are filled, for an indefinite period of time, only by *public competition*, according to:

- Law nr. 1/2011,
- H.G. no. 457 on the approval of the Framework Methodology of competition for filling vacant teaching and research positions in higher education (published in M.O. Part I, no. 371/26.05.2011)
- Own methodology of competition for the indefinite occupation of teaching and research vacancies in the University of Oradea, approved in the Senate of the University of Oradea on 26.11.2018
- the provisions of OMENCS nr. 6129 of 2016 on the minimum standards for accepting participation in competitions for conferring teaching titles in higher education and professional degrees of research and development;
- the present procedure, hereinafter referred to as the Own Procedure of the Faculty of Civil Engineering, Cadastre and Architecture;
- other normative acts in force at the time of the contests.

The competition for filling the teaching and research positions vacant for an indefinite period of time of the Faculty of Constructions, Cadastre and Architecture is carried out in accordance with this procedure and with *the "Own methodology of competition for filling the teaching and research vacancies in the University of Oradea"* adopted by the Decision of the University Senate Annex 11/26.11.2018 regarding the update of nexa 3 to the Charter of the University of Oradea.

The competition methodology of the University of Oradea is available on the website of the University of Oradea <u>www.uoradea.ro</u>.

All information regarding the contest will be published on the website of the University of Oradea, www.uoradea.ro, the button Contests on posts.

Taking into account the specifics and requirements of each field, the Faculty of Constructions, Cadastre and Architecture elaborates its own competition procedure which is a complement to the "*Own competition methodology for filling the teaching and research positions vacant in the University of Oradea*" adopted by the Decision of the University Senate Annex 11/26.11.2018 of the University of Oradea.

The general aspects, the registration for the competition and the development of the competition, as well as the annexes can be found in the "*Own methodology of competition for filling the teaching and research positions vacant in the University of Oradea*". The exceptions

are Article 9, Annexes no. 3 and no. 6, whose changes and format are presented in the own procedure of the Faculty of Constructions, Cadastre and Architecture.

#### Art. 9

(1) The specific conditions for registering to the competition for occupying a teaching position of a university assistant and lecturer are those provided by the present article. At the same time, this article contains additional conditions regarding the application of the specific minimum standards for the positions of associate professor and university professor, contained in Annexes 3 and 6.

(2) For the position of a university assistant in the field of Civil Engineering / Geodetic Engineering, the following are cumulatively required:

- a) holding the PhD diploma in the field of the post advertised or in nearby fields;
- b) publication of at least 3 scientific papers ( in extenso or in abstract) in a journal/volume of reference conference for the field of the post indexed in an international database [BDI], journals quoted or indexed ISI Thomson Reuters category A-CNCSIS; ISI Proceedings.
- c) Promotion of three competition tests, regarding the evaluation of specialized knowledge in direct accordance with the disciplines of the position put up for competition:
  - practical test (holding a seminar or a practical work in front of students and in the presence of the competition commission);
  - 2) oral test.
  - 3) written test

The result of the competition tests is assessed by each member of the commission through marks from 1 to 10, the grade of the test representing their arithmetic mean.

(3) For the position of university assistant in the field of architecture, the following are required cumulatively:

- a) holding a PhD degree in the field of the position put up for competition or in related fields;
- **b**) publication of a scientific paper in a magazine / scientific conference volume.
- c) two architectural / urban planning / restoration / design / specialized projects or studies built / authorized by local / regional or national complexity;
- **d**) passing the competition tests, i.e. the evaluation of specialized knowledge in direct accordance with the disciplines for the position put up for competition:
  - written test and/or practical test (seminar, laboratory, project or others specific to the field of architecture);

*the score* calculated based on the CNATDCU grid, Architecture field, according to Annex no. 3;

The result of tests 1 and 2 is assessed by each member of the committee with grades from 1 to 10. The final score will be the sum of the scores of tests 1 and 2.

(4) For the position of university lecturer in the field of Civil Engineering / Geodetic Engineering, the following are cumulatively required:

- a) holding the PhD diploma in the field of the post advertised or in nearby fields;
- b) publication of at least 5 papers (in extenso or in abstract) in a journal/conference volume of reference for the job field indexed in an international database [BDI], journals quoted or indexed ISI Thomson Reuters - category A-CNCSIS; ISI Proceedings.
- c) publishing at least one specialized book in one of the disciplines of the post under the aegis of nationally or internationally recognized publishing houses.
- d) elaboration, at least in electronic form, of a specialized teaching material for the use of students in the field of the advertised position;

(5) For the position of a university lecturer/head of works in the field of architecture, the following are cumulatively required:

- a) holding a PhD degree in the field of the position put up for competition or in related fields;
- **b**) publication of a scientific paper in a magazine / scientific conference volume;
- c) five studies / architecture design/ urban planning / restoration / design / specialty built / authorized studies of local / regional or national complexity with part / structure / location / conceptual substantiation;
- **d**) the development, at least in an electronic form, of a specialized didactic material for the students;
- e) passing the competition tests, i.e. the evaluation of specialized knowledge in direct accordance with the disciplines for the position put up for competition:
  - 1) *didactic lecture* (on the topic of the position's disciplines);
  - the score calculated based on the CNATDCU grid, Architecture field, according to Annex no. 3;

The result of tests 1 and 2 is assessed by each member of the committee with grades from 1 to 10. The final score will be the sum of the scores of tests 1 and 2.

(6) For the position of associate professor are required cumulatively:

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;

**b**) the fulfillment of the national minimum standards for the occupation of teaching positions,

specific to the teaching position of associate professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

c) publication with ISBN of at least one book / course material / university textbook / monograph in the field of the position's disciplines;

(7) For the position of university professor are required cumulatively:

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;b) holding the quality of doctoral supervisor;

**c**) the fulfillment of the national minimum standards for the occupation of teaching positions, specific to the teaching position of university professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

**d**) publication with ISBN of at least one book / course material / university textbook / monograph in the field of the position's disciplines;

Final provisions

- 1. For positions put out for competition that belong to other fields, the CNADTCU grid specific to the field will be used.
- 2. The present own competition procedure of the Faculty of Civil Engineering, Cadastre and Architecture for filling the vacant teaching and research positions was approved by the Council of the Faculty of Constructions, Cadastre and Architecture at its meeting on 28.10.2022 and will enter into force following the approval of the SENATE OF THE UNIVERSITY OF ORADEA

28.10.2022 Dean,

Prof.dr.eng. Prada Marcela Florina

**1.** In order to register for the competition for a teaching and research position, the candidate shall draw up a file containing the following documents:

| No.<br>crt. | DOCUMENTS SUBMITTED  | OF | Rig<br>ht<br>awa<br>y |
|-------------|--|----|-----------------------|
| 1.          | The application for registration for the competition, signed by the candidate accompanied by a declaration on his own responsibility regarding the veracity of the information presented in the file - model type ( <i>Annex 1</i> )           |    |                       |
| 2.          | Proposal to develop the candidate's university career, both from a didactic point of view and from the point of view of scientific research activities – <i>if applicable</i> .  |    |                       |
| 3.          | Curriculum vitae according to the Framework Methodology, art. 14.  |    |                       |
| 4.          | List of works according to the Framework Methodology, art. 15.   |    |                       |
| 5.          | The verification sheet for the fulfillment of the minimum standards for filling the position ( <i>Annex 3</i> ).   |    |                       |
| 6.          | The copy of the doctor of sciences diploma and, if it was obtained abroad, the certificate of its recognition or equivalence by the Romanian state - the original document will be presented for compliance                                    |    |                       |
| 7.          | For the positions of university professor, the copy of the minister's order certifying the empowerment / right of doctoral management and, if it was obtained abroad, the certificate of its recognition or equivalence by the Romanian state. |    |                       |

| 8.  | Summary of the doctoral thesis and, where appropriate, of the habilitation thesis, on a maximum of one page each, in Romanian and English.  |  |
|-----|---|--|
| 9.  | Affidavit that they are not in any incompatibility situation provided for in Law 1/2011 (Law on National Education) and the Framework Methodology issued at national level.   |  |
| 10. | For the positions of university professor, the list of referees containing at least 3 names and contact addresses of personalities in the respective field, from abroad, who have agreed to draw up letters of recommendation regarding the professional qualities of the candidate ( <i>Annex 4</i> ).   |  |
| 11. | For the positions of associate professor, the list of referees containing at least 3 names and contact addresses of personalities in the respective field, in the country or abroad, who have agreed to draw up letters of recommendation regarding the professional qualities of the candidate ( <i>Annex 4</i> ).   |  |
| 12. | In order to fill the positions in the higher medical education of lecturer or associate professor, except for the positions in the disciplines that do not have a correspondent in the network of the Ministry of Health and those in the preclinical disciplines, the condition of holding the title of specialist doctor in the specialty of the post must be additionally fulfilled. |  |
| 13. | Copies of other diplomas or certificates of recognition attesting the candidate's studies: baccalaureate diploma, bachelor's degree, master's degree - the original documents will be presented for compliance.   |  |
| 14. | Copies of transcripts, diploma supplements or school statements issued for each cycle of studies - the original documents for compliance will be presented.   |  |
| 15. | Copy of the identity card or passport, or of another document equivalent to the identity card or passport - the original documents will be presented for compliance.  |  |
| 16. | If the candidate has changed his or her name, copies of the documents attesting to the change of name – marriage certificate or proof of name change – the original documents will be presented for conformity.   |  |
| 17. | Medical certificate showing that he is fit to carry out teaching activity.  |  |
| 18. | Maximum 10 publications, patents or other works, selected by the candidate and considered to be the most relevant for his own professional achievements.  |  |
| 19. | Acceptance of the processing of personal data by the U.O.   |  |

**2.** If there are works that are not available in printed format or cannot be scanned (theatrical or musical performances, paintings, etc.), recordings or photographs will be submitted.

**3.** A CD/DVD or other electronic format shall be attached to the competition file, with all its contents scanned, in order to be sent to the competition committee and upload the file on the site. The list of papers, CV and Checklist (Annex 3) will be scanned as separate files, without exceeding 10 MB together. The scanned documents will not show the candidate's personal data (photo, CNP, home address, signature, etc.).

## III DATA ON THE FULFILMENT OF SPECIFIC STANDARDS

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;

b) the fulfillment of the national minimum standards for the occupation of teaching positions, specific to the teaching position of associate professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

#### Acchieved / not-achieved

## IV. DATA ON THE FULFILMENT OF NATIONAL MINIMUM STANDARDS

The national minimum standards are calculated according to the provisions of OMENCS no. 6129 of 2016 regarding the approval of the minimum standards necessary and compulsory for the awarding of the teaching titles in higher education and of the professional degrees of research and development

According to Annex 6 - Civil Engineering and Management Commission

|   | Field of activity                      | Condiții<br>Professor | ACHIEVED | Meeting the national minimum standards |            |
|---|--|-----------------------|----------|--|------------|
|   |  | Professor             |          | OF                                     | Right away |
| 1 | Teaching/professional<br>activity (A1) | Minimum 30 pct        |          |  |            |

| 2     | Research activity (A2)                         | Minimum 180<br>pct |  |  |

#### 3. Postdoctoral studies and scholarships

| No.<br>crt. | Organizing institution | Field | Period | Obs. |
|-------------|------------------------|-------|--------|------|
|             |                        |       |        |      |

## 4. Didactic/professional degrees

| No.<br>crt. | Institution | Field | Period | Title /<br>teaching<br>position /<br>professional<br>degree |
|-------------|-------------|-------|--------|---|
|             |             |       |        |   |

## III DATA ON THE FULFILMENT OF SPECIFIC STANDARDS

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;

b) holding the quality of doctoral supervisor;

c) the fulfillment of the national minimum standards for the occupation of teaching positions, specific to the teaching position of university professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

d) other specific criteria : they are not.

Accomplished / unrealized

## IV. DATA ON THE FULFILMENT OF NATIONAL MINIMUM STANDARDS

The national minimum standards are calculated according to the provisions of OMENCS no. 6129 of 2016 regarding the approval of the minimum standards necessary and compulsory for the awarding of the teaching titles in higher education and of the professional degrees of research and development

According to annex 6 - civil engineering and management commission

## III DATA ON THE FULFILMENT OF SPECIFIC STANDARDS

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;

b) the fulfillment of the national minimum standards for the occupation of teaching positions, specific to the teaching position of associate professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

## Accomplished / unrealized

## IV. DATA ON THE FULFILMENT OF NATIONAL MINIMUM STANDARDS

The national minimum standards are calculated according to the provisions of OMENCS no. 6129 of 2016 regarding the approval of the minimum standards necessary and compulsory for the awarding of the teaching titles in higher education and of the professional degrees of research and development

Comply annex 12 - commission gelological engineering, geodetic engineering, mines, oil and gas

## III DATA ON THE FULFILMENT OF SPECIFIC STANDARDS

a) holding the PhD diploma in the field of the post put up for competition or in nearby fields;

b) holding the quality of doctoral supervisor;

c) the fulfillment of the national minimum standards for the occupation of teaching positions, specific to the teaching position of university professor, related to the field of the post put up for competition, approved by order of the minister, according to art. 219, para. (1), lit. a) of Law no. 1/2011;

d) other specific criteria : they are not.

## Accomplished / unrealized

## IV. DATA ON THE FULFILMENT OF NATIONAL MINIMUM STANDARDS

The national minimum standards are calculated according to the provisions of OMENCS no. 6129 of 2016 regarding the approval of the minimum standards necessary and compulsory for the awarding of the teaching titles in higher education and of the professional degrees of research and development

According to annex no.33 - architectural and urbanism commission

| CRITERION | NAME OF CRITERION | university<br>professor | Achieved | Meeting national minimum standards |            |

|             |             |       |        |   |

## III DATA ON FULFILLMENT OF SPECIFIC STANDARDS

- holding a PhD degree in the field of the position put up for competition or in related fields;
- > publication of a scientific paper in a magazine / scientific conference volume;
- five studies / architecture design/ urban planning / restoration / design / specialty built / authorized studies of local / regional or national complexity with part / structure / location / conceptual substantiation;
- the development, at least in an electronic form, of a specialized didactic material for the students;

## Achieved / not achieved

I hereby confirm that the above-mentioned data are real and refer to my own professional and scientific activity.

| Date | Candidate |
