

THEMES FOR THE CONTEST EXAM
THE POSITION OF PROFESSOR

Position no. 6 in the Staffing Plan of the Department of Surgical Disciplines

1. Anatomy and physiology of the nose and paranasal sinuses.
2. Anatomy and physiology of the pharynx.
3. Anatomy and physiology of the larynx.
4. Anatomy and physiology of the ear.
5. Surgical anatomy of the cervical region.
6. Malformations in ENT – early diagnosis and therapeutic possibilities.
7. Methods of exploration of the nose and paranasal sinuses.
8. Methods of exploration of the oral cavity and pharynx.
9. Methods of exploration of the larynx.
10. Methods of exploration of the ear.
11. Methods of exploration of the trachea and bronchi.
12. Methods of exploration of the esophagus.
13. Rhinosinusal emergencies (nasal and sinuso-facial trauma, epistaxis, nasosinusal foreign bodies).
14. Pharyngeal emergencies (pharyngeal trauma – mechanical and physico-chemical, pharyngeal foreign bodies).
15. Laryngeal emergencies (acute respiratory failure of laryngeal cause, laryngeal trauma, laryngo-tracheo-bronchial foreign bodies).
16. Oto-mastoid emergencies (ear and temporal bone trauma, sudden deafness, acute sound trauma, acute peripheral vertigo, peripheral facial paralysis, auricular foreign bodies).
17. Esophageal emergencies (postcaustic esophagitis, esophageal foreign bodies).
18. Cervical emergencies (cervical soft tissue trauma, cervical hemorrhage, cervical suppuration).
19. Acute rhinosinusal infectious-inflammatory pathology (acute rhinitis, acute rhinosinusitis).
20. Acute infectious-inflammatory pathology of the oral cavity and pharynx (stomatitis, glossitis, acute tonsillitis and pharyngitis).
21. Acute infectious-inflammatory pathology of the laryngeal (acute laryngitis, acute epiglottitis, laryngeal perichondritis, laryngeal abscess).
22. Acute infectious-inflammatory pathology of the otomastoid (acute otitis media, acute otomastoiditis in adults and children).
23. Acute infectious-inflammatory pathology of the thyroid gland.
24. Acute infectious-inflammatory pathology of the salivary glands.
25. Chronic infectious-inflammatory pathology of the rhinosinusal (chronic rhinitis, chronic rhinosinusitis).

26. Chronic infectious-inflammatory pathology of the oral cavity and pharynx.
27. Chronic infectious-inflammatory pathology of the larynx.
28. Chronic infectious-inflammatory pathology of the otomastoid.
29. Chronic infectious-inflammatory pathology of the salivary glands.
30. Benign tumor pathology of the rhinosinus.
31. Benign tumor pathology of the oral cavity and pharynx.
32. Benign tumor pathology of the larynx.
33. Benign tumor pathology of the otomastoid.
34. Benign tumor pathology of the thyroid gland.
35. Benign tumor pathology of the trachea.
36. Benign tumor pathology of the esophagus.
37. Benign tumor pathology of the salivary glands.
38. Malignant tumor pathology of the rhinosinus.
39. Malignant tumor pathology of the oral cavity and pharynx.
40. Malignant tumor pathology of the larynx.
41. Malignant otomastoid tumor pathology.
42. Malignant tumor pathology of the thyroid gland.
43. Malignant tumor pathology of the trachea.
44. Malignant tumor pathology of the cervical esophagus.
45. Malignant tumor pathology of the salivary glands.
46. Cervical tumor pathology.
47. Parapharyngeal tumor pathology.
48. Surgical pathology of the skull base (rhino- and otobase, orbit, lacrimal ducts and deep spaces).
49. Laryngeal and associated paralytic syndromes.
50. Classification, evaluation and treatment principles of voice disorders (elements of phoniatics and phonosurgery).
51. Sensory and motor disorders of the pharynx.
52. Craniocervicofacial pain.
53. Manifestations of systemic diseases in ENT.
54. Obstructive sleep apnea syndrome (diagnosis, etiopathogenesis, treatment principles).
55. Sensorineural hearing loss: diagnosis and auditory rehabilitation (conventional and implantable prostheses).
56. Otosclerosis.
57. Peripheral vestibular syndromes.

BIBLIOGRAPHY

1. **OTORINOLARINGOLOGIE SI CHIRURGIE CERVICOFACIALA**, coordonator Sarafoleanu C. în „Tratat de chirurgie”, sub redacția Irinel Popescu, Constantin Ciuce, vol. 1, Editura Academiei Române, 2012.
2. **REABILITAREA SI IGIENA VOCII**. Muresan R, Chirila M. Editura. Alma Mater, 2010
3. **TULBURARILE RESPIRATORII IN SOMN**. Sarafoleanu C.- coordonator. Editura Academiei Romane, 2016.
4. **EUROPEAN MANUAL OF MEDICINE–OTORHINOLARYNGOLOGY, HEAD AND NECK SURGERY**. Anniko M, Bernal-Sprekelsen M., Bonkowsky V., Bradley P., Iurato S. Springer Verlag, 2010.
5. **CUMMINGS-OTOLARYNGOLOGY HEAD AND NECK SURGERY**. Sixth Edition. Flint P.W., Haughey B. H., Lund V. J., Niparko J. K., Richardson M. A., Robbins K. T., Thomas J. R. Mosby – Elsevier Publishing House, 2016.
6. **ENT-HEAD AND NECK SURGERY: ESSENTIAL PROCEDURES**. Theissing J., Rettinger G., Werner J. Ed. Thieme Verlag, 2011.
7. **OTOLARYNGOLOGY AND HEAD AND NECK SURGERY**. Warner G., Burgess A., Patel S., Martinez-Devesa P., Corbridge R. OXFORD University Press, 2009.
